PROFILE

Passionate and results-driven Full Stack Web Developer and IT Technician with experience in building responsive websites, developing modern web applications, and providing technical support. Skilled in creating clean, user-friendly interfaces using modern web technologies while maintaining efficient backend functionality. Dedicated to continuous learning, problem-solving, and delivering high-quality digital solutions. Beyond technology, I train in Mixed Martial Arts, where discipline, resilience, and consistency shape my personal and professional growth.

WORK EXPERIENCE

Freelance Full Stack Web Developer

- Build responsive websites and web applications.
- Develop modern user interfaces with clean, maintainable code.
- Collaborate with clients to transform ideas into functional digital products.
- Optimize websites for speed, accessibility, and SEO.

IT Technician

- Diagnose and troubleshoot hardware and software issues.
- Install, configure, and maintain computer systems.
- Provide technical support and resolve user issues efficiently.
- Perform routine maintenance and system upgrades.

EDUCATION

College Education (Incomplete)

Pursued undergraduate studies before transitioning to hands on learning and professional development.

Professional Development

- Completed multiple IT and web development courses.
- Continuously self-taught through online learning, technical documentation, and real-world projects.
- Gained practical experience in Full Stack Web Development, IT Support, and System Troubleshooting.
